

# REGISTER FOR A MEET

## Selecting Attached/Unattached

While some meets may only accept unattached registrations, for events your club / team has accepted the invite to enter, you can choose to compete as attached (i.e. under your club / team name) or unattached when registering for a meet. If you compete with multiple clubs / teams, you may need to select the club / team you will be competing for. To select your attached/unattached status, click on **Competing for** under the meet you're registering for. A drop down will appear and you can choose what option you prefer to enter under.

The screenshot shows a user profile for 'Dan Smith' with details like 'Grade: 12th', 'Age: 18', and an 'Add USATF ID' button. Under the 'Meets' section, two events are listed:

- TF Feb 22, SA Christian Invitational**: The 'Competing' status is set to 'Unattached'. A callout box with an arrow pointing to this status says 'Only unattached registrations allowed'. A 'Register >' button is to the right.
- TF Apr 6, Freeman Academy Invite**: The 'Competing for' dropdown menu is open, showing 'Freeman Academy' as the selected team. A callout box with an arrow pointing to the dropdown says 'Select a team or Unattached'. Below the dropdown, two other options are visible: 'Adirondack Athletic' and 'No Team (Unattached)'. A 'Register >' button is to the right.

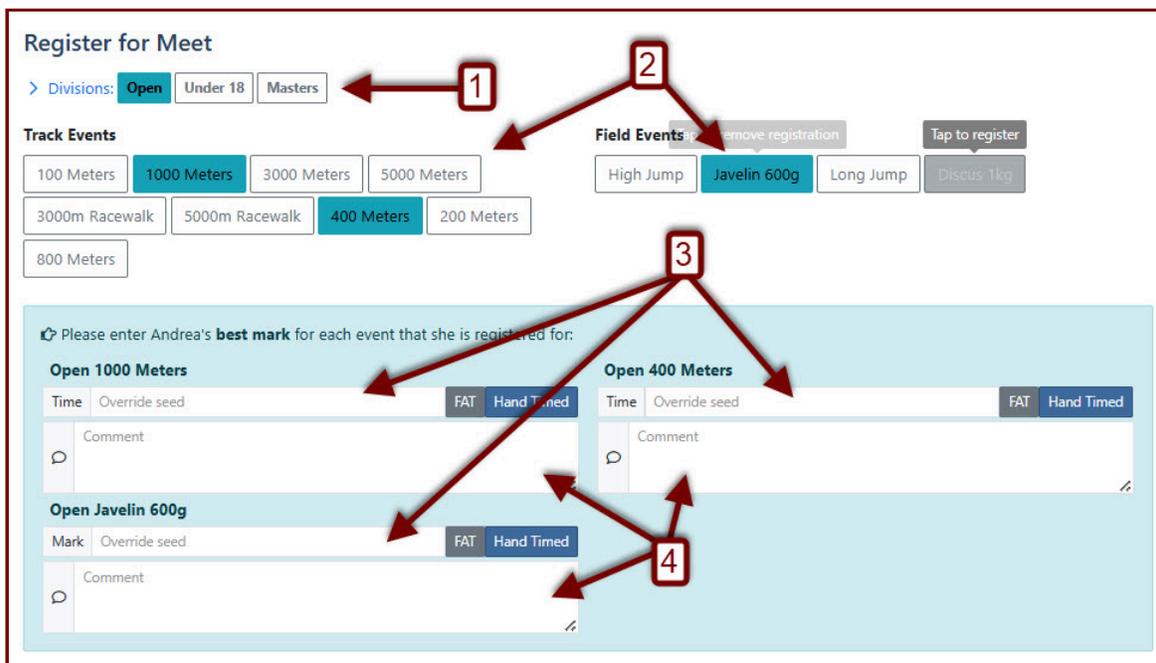

At the bottom of the meets list is a '+ Add Meet' button.

**Competing for** menu will only appear for meets where you can choose your status. If a meet only accepts attached or unattached registrations, you will not see the option to change your attached/unattached status.

Once you've selected your attached/unattached status, click [Register](#).

## Selecting Events - Track Meet

Once you click [Register](#), you'll be taken to the event selection window.

The first thing you'll do is choose the Division you are competing in (You can choose multiple divisions, but please ensure you choose the correct division for the event you are entering). Click on the appropriate division.

Choose your events.

Add Seed Times or Seed Marks and choose if they are FAT (Fully Automatic Timing) or Hand Timed (This is optional). Make sure you enter an accurate seed, since failing to do so could affect your seeding position in the meet.

Add any comments.

---

you click on a division, the available events in that division will appear. Click on each event that you're competing in to select it. If you make a mistake, click the event title again to deselect it.

---

---

an enter events in more than one division. If you're competing in different divisions depending on your event (e.g. Open 100 Meters and Under 18 800 Meters), make sure the correct division is highlighted before selecting the event.

---

---

r athlete bio contains past performance data, both your hand-entered PB/PR and your AthleticNET PB/PR will be visible to the meet host. If you're registering for a cross country event, you will not be asked for any PB/PR data.

---

---

you've entered all your PB/PR data, click **Pay Now** at the bottom of the page, if there is a **Balance Due** message showing below the events you have entered. If not, click the **Done** button. See the section below on paying

entry fees.
